

Our targets and achievements

Our commitments, targets, and performance

Priority area	Material topic	Targets	Achievements 2018	Status
<p>Protecting the environment</p> 	Product energy efficiency and GHG emissions	<p>2030 GHG reduction of 75% compared to the 2014 baseline (scope 3, use of sold products) (This target is accepted by Science Based Target initiative).</p>	Scope 3 emissions included in SBT are on target. ✓ Assured	 Ongoing - on track
	Energy use and GHG emissions in own operations	<p>2018 Achieve at least 25% utilization of renewable electricity, compared to total purchased electricity.</p>	27% of our total purchased electricity was from renewable sources. ✓ Assured	 Achieved
		<p>NEW target 2019: At least 30% utilization of renewable electricity, compared to total purchased electricity.</p>		
		<p>2018 Achieve a facility electricity usage reduction of 3%, compared to 2017 level.</p>	Electricity consumption across our facilities decreased by 3% as compared to 2017. ✓ Assured	 Achieved
		<p>NEW target 2019: Facility energy usage reduction of 3%, compared to 2018 level.</p>		

Our commitments, targets, and performance

Priority area	Material topic	Targets	Achievements 2018	Status
<p>Protecting the environment</p>     	Energy use and GHG emissions in own operations	<p>2018 GHG emission reduction of 1.8% from facilities, compared to 2017 level (Scopes 1+2).</p>	GHG emissions from facilities decreased by 18% as compared to 2017. ✓ Assured	 Achieved
		<p>NEW target 2019: GHG emission reduction of 3% from facilities, compared to 2018 level (Scopes 1+2) .</p>		
		<p>2030 GHG emission reduction of 41%, compared to the 2014 baseline (Scopes 1+2). (This target is accepted by the Science Based Target initiative).</p>	Scope 1&2 emissions included in SBT are on target. ✓ Assured	 Ongoing – on track
	Energy use and GHG emissions in supply chain	<p>2020 180 suppliers setting emission reduction targets.</p>	In 2018, 187 of our suppliers had emission reduction targets in place via CDP Supply Chain program. ✓ Assured	 Achieved
		<p>2018 90 dedicated one-to-one reviews with suppliers, collaborative emission reduction projects.</p>	Due to delays in CDP's assessment cycle in 2018 for all of its clients, the 2018 reviews were postponed to 2019.	 Not achieved
		<p>NEW target 2019: 90 dedicated one-to-one reviews with suppliers, collaborative emission reduction projects.</p>		

Our commitments, targets, and performance

Priority area	Material topic	Targets	Achievements 2018	Status
<p>Protecting the environment</p> 	Waste and water in own operations	<p>2018 Reduce the water use in our facilities by 2% compared to 2017.</p>	<p>Water use decreased by 22% compared to 2017. ✓ Assured</p>	 Achieved
		<p>NEW target 2019: Reduce the water use in our facilities by 1% compared to 2018.</p>		
		<p>NEW target 2019: Recycle at least 60% of facility waste.</p>		
		<p>NEW target 2020: Recycle at least 75% of facility waste.</p>		
	Waste and water in supply chain	<p>2018 Deployment of non-carbon related projects with suppliers.</p>	<p>In 2018 we conducted a Water Assessment Program with 150 suppliers engaged and assessed via CDP Water Program. In addition we also conducted a pilot study for recycled materials content among our components suppliers.</p>	 Achieved
