Help

The Help feature offers a lot of information about your TV operation. To use the Help feature, you can find how to troubleshoot from the list or keyword search.
If you update APK, the Help feature and information will be updated.

Warning and Precautions

Read all of the instructions before operating the television. Keep these instructions handy for later use.

Important Safety Instructions

• Read these instructions -All the safety and operating instructions should be read before this television is operated.

• Keep these instructions - The safety and operating instructions should be retained for future reference

• Importance of all warnings -All warnings on the television and in the operating instructions should be adhered to.

• Follow all instructions -All operating and usage instructions should be followed.

• Do not use this television near water - The television should not be used near water or moisture - for example, in a wet basement or near a swimming pool etc.

• Use only dry cloth for cleaning.

• Do not block any ventilation openings. Install according to the manufacturer's instructions.

• Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produces heat.

• Do not defeat the safety purpose of the polarized or grounding plug. A polarized plug has two blades with one wider than the other. A grounding plug has two blades and a third grounding prong. The wide blade or the third prong is provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement.

• Protect the power cord from being walked on or pinched particularly at the plugs and at the point where they exit from the television.

• Only use attachments/accessories specified by the manufacturer..

• Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the television. When a cart or rack is used, use caution when moving the cart/television combination to avoid injury from tip-over.

• Unplug the television during lightning storms or when unused for long periods of time.

• Get your servicing from qualified personnel, Servicing is required when the television has been damaged in any form, such as power supply cord or damaged plug, liquid has been spilled or objects have fallen on the television, the television has been exposed to rain or moisture and hence does not operate normally, or has been stopped working.

• Caution: These servicing instructions are for use of qualified service personnel only. To reduce the risk of electric shock, do not perform any servicing other than that contained in the operating instructions unless you are qualified to do so.

• Do not install this equipment in a closed space. Keep it in well ventilated conditions at open site. The ventilation should not be impeded by covering the ventilation openings with items such as newspaper, table-cloths, curtains etc.

• Caution - To prevent electric shock hazard, please replace grille.

• Please refer the information on rear enclosure for electrical and safety information before installing or operating the television.

• To reduce the risk of fire or electric shock, do not expose this television to rain or moisture.

• The television shall not be exposed to dripping or splashing and that no objects filled with liquids, such as vases, shall be placed on the television.

1

● For the terminals marked with symbol of " ϟ "may be of suffcient magnitude to constitute a risk of electric shock. The external wiring connected to the terminals require installation by an instructed person or the used of ready-made leads or cords.

● To prevent injury, use the stand/ wall- mount bracket to securely install this television on the table/wall in accordance with the installation instructions.

● Danger of explosion if battery is incorrectly replaced. Replace only with the same or equivalent type. The battery (battery or batteries or battery pack) shall not be exposed to excessive heat such as sunshine, fire or the like

● Excessive sound pressure from earphones and headphones can cause hearing loss. Listening to music at high volume levels and for extended durations can damage one's hearing. In order to reduce the risk of damage to hearing, one should lower the volume to a safe, comfortable level, and reduce the amount of time listening at high levels.

● The appliance coupler is used as disconnect device, the disconnect device shall remain readily operable.

● When not in use and during movement, please take care of the power cord set, e.g. tie up the power cord set with cable tie. It shall be free from sharp edges and the like that can cause abrasion of the power cord set. When put into use again, please make sure the power cord set being not damaged, if any damages found, please look for the service person to replace the power cord set specified by the manufacturer or have the same characteristics as the original one.

● Attention should be drawn to environmental aspects of battery disposal.

● No fire objects such as lighted candles should be placed on the television. To prevent the spread of fire, keep fire objects or other open flames away from the television at all times.

● If the television has the symbol ▣ in its rating label and the power plug has two pins, it means that the equipment is a Class II or double insulated electrical appliance. It has been designed in such a way that it does not require a safety connection to electrical earth .(Only for Class II appliance)

● The following information are recommended to be included as far as applicable where applicable :

～	Refers to alternating current(AC).	⏻	Refers to stand-by.
⎓	Refers to direct current(DC).	I	Refers to power ON.
▣	Refers to Class II equipment.	ϟ	Refers to dangerous voltage.

● Warning for television containing Coin / Button
Cell Batteries (Below instruction only used for the television containing a user-replaceable coin/button cell battery)

Warning:
Refrain to ingest battery which can lead to chemical burn hazard. If the coin/button cell battery is swallowed, it can cause severe internal burns in just 2 hours and can lead to death. Keep new and used batteries away from children. If the battery compartment does not close securely, stop using the product and keep it away from children. If you think batteries might have been swallowed or placed inside any part of the body, seek immediate medical attention

The lightning flash with arrowhead symbol within an equilateral triangle is intended to alert the user to the presence of non-insulated "dangerous voltage" within the product's enclosure that may be of sucient magnitude to constitute a risk of electric shock.

● To reduce the risk of electric shock, do not remove cover (or back). Refer to qualified service personnel to open it.

● The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance instructions in the literature accompanying the television.

This product is RoHS Compliant
Disposal of used Electrical & Electronics Equipment

Packaging and electrical goods should be recycled appropriately, and not treated as household waste. Please dispose of this equipment at your applicable collection point for the recycling of electrical & electronic equipment waste. By ensuring the correct disposal of this product, you will help prevent potentially hazardous to the environment and to human health , which could otherwise caused by unsuitable waste handling of this product. The recycling of materials will help conserve natural resource. Please do not therefore dispose of your old electrical and electronic equipment with your household waste. For more detailed information about recycling of this product, Please contact your local city office, your household waste service or the shop where you purchased the product.

Positioning the TV

- Install Display on solid horizontal surface such as a table or desk. For ventilation, leave a space of at least 10cm free all around the set. To prevent any fault and unsafe situations, please do not place any objects on top of the set. This apparatus can be used in tropical and/or moderate climates.
Note: The picture is only for reference.

- Fix the rear of enclosure to wall (only for some countries)

- Warning: Never place a television set in an unstable location. A television set may fall, causing serious personal injury or death. Many injuries, particularly to children, can be avoided by taking simple precautions such as:

  - Using cabinets or stands recommended by the manufacturer of the television.
  - Only using furniture that can safely support the television.
  - Ensuring the television is not overhanging the edge of the supporting furniture.
  - Not placing the television on tall furniture (for example, cupboards or bookcases) without anchoring both the furniture and the television set to a suitable support.
  - Not placing the television set on cloth or other materials that may be located between the television set and supporting furniture.
  - Educating children about the dangers of climbing on furniture to reach the television or its controls.

  If your existing television set is being retained and relocated , the same considerations as above should be applied . (Only for the TV with mass exceeds 7 kg).

Mounting on a Wall

- An optional wall mount can be used with your television. Consult with your local dealer to purchase the recommended wall mount bracket. Carefully attach the wall mount bracket at the rear of the TV. Install the wall mount bracket on a solid wall perpendicular to the floor. If you are attaching the TV to other building materials, please contact qualified personnel to install the wall mount. Detailed instructions will be included with the wall mount. Please use a wall mount bracket where the device is adequately secured to the wall with enough space to allow connectivity to external devices.

Note: The picture is only for reference.

- Disconnect the power before moving or installing the TV. Other wise electric shock may occur. Remove the stand before installing the TV on a wall mount by performing the stand attachment in reverse.

- If you install the TV on a ceiling or slanted wall, it may fall and result in severe injury . Use an authorized wall mount and contact the local dealer or qualified personnel. Otherwise it is not covered by the warranty.

- Do not over tighten the screws as this may cause damage to the TV and void your warranty .

3

- To prevent injury, this apparatus must be securely attached to the floor/ wall in accordance with the installation instructions.
- Use the screws and wall mounts that meet the following specification s. Any damage s or injuries buy misuse or using an improper accessory are not covered by the warranty .
| Model Size		43"		50"		55"	
		Top	Down	Top	Down	Top	Down
Screw	Diameter(mm) "E"	M6	M6	M6	M6	M6	M6
	Size In(mm)	6x10	6x15	6x10	6x10	6x10	6x10
	Quantity	2	2	2	2	2	2
A*B*C		200x200mm		200x200mm		200x200mm	

Note:
1. The Pictures are only for reference.
2. For the TV sets with terminals towards the wall, in order to leave enough space to use the terminals, a rubber cushion is needed together with each screw to fix the wall mount . It is a small hollow pillar whose internal diameter is 8mm , external diameter is 18mm and height is >30mm.

Positioning the TV

Improper using of the battery will cause leakage. So please do as the following methods and use carefully.

1. Please note the batteries' polarity, to avoid short circuit .
2. When the battery's voltage is insufficient which affect the use range, you should replace new battery . Remove the batteries from the remote control unit if you do not intend to use it for a long time.
3. Do not use different types of batteries (for example, Manganese and Alkaline batteries) together .
4. Do not put the battery into fire, and charge or decompose the battery .
5. Please dispose batteries abide by relevant environmental protection regulation.
6. WARNING : The batteries (battery pack or batteries installed) shall not be exposed to excessive heat such as sunshine, fire or the like.

How To Pair Remote?

REMOTE PAIRING
Press ⊙ and ⊖ key simultaneously. While pointing to the TV bottom within the distance of 20 cm at least 3 seconds. Release your finger when the indicator light (red) of the remote flashes.

Skip
Go to ⚙ Setting > 🔲 Remote & Accessories then check TVCOGWBT is showing or not. If it is showing this means a remote is already paired. If you want you can unpair it by selecting it.

If not then go to ⚹ Add accessory option then press ← "Back" key & ⊖ "Vol-" key together until a red light on top is not start blinking. When red light start blinking put remote close to TV and wait for ✤ TVCOGWBT show on TV. When it shows select it now your remote is paired with TV.

Operating your TV

Switching on

Switching on Follow the instructions on this page on how to switch on your TV set and the remote control before going on to following pages describing how to use the channel set-up procedure.

1. Insert two batteries in the remote control.

Precautions on using batteries:

- Only use the battery types specified.
- Make sure you use the correct polarity.
- Do not mix new and used batteries.
- Do not use rechargeable batteries.
- Do not expose batteries to excessive heat such as sunshine, fire or the like, throw them in a
  fire, recharge them or try to open them, as this could cause them to leak or explode.
- Remove the batteries from the remote control if you are not using it for a long period of time.

2. Connect an outside aerial to the ANTENNA IN socket at the back of the TV set.

3. Connect the power cable firstly to the television, then to a mains socket.

4. Now the TV set is in off mode with power indicator.
   Press the ⏻ button on the remote control or on the TV set to turn on the TV.

Switching off

• When TV is on, short press the power button to enter into standby mode, and long press the power button to shutdown the TV.

Installing Channels

This section describes how to search and store channels automatically. This may be done in any of the cases below:

• You have skipped the channel installation step in the initial setup;
• You are prompted that there are no channels in TV mode;
• You want to update channels list;

1. In TV mode, press ⚙ Setting key on the remote control and select Settings > Channel.

2. Go into Channels and select Channel Scan, press OK button to start.

3. The channel scan may take a few minutes. After the automatic search, channels are arranged in a preset order.

4. You can also select update scan & analog manual scan in the channels menu if your only requirement is to update specific channel.
Network Connection

To access the Internet, you must subscribe high speed broadband internet service from your internet service provider. Your TV can be connected to your home network in two ways:
• Wired, using the RJ45 (LAN) connector on the back panel.
• Wireless, using the internal wireless or external wireless USB adapter and your home wireless network.

Note: This function is not available for certain models. Instructions below are just the usual ways to connect your TV to the wired or wireless network. The connection method may be different depending on your actual network configuration. If you have any questions about your home network, please refer to your ISP (Internet Service Provider).

Connecting to a wired network

To connect to a wired network:
1. Ensure you have:
• An ethernet cable long enough to reach your TV
• A router or modem with an available Ethernet port
• A high-speed internet connection
• An Ethernet (LAN) port on the back of the TV
2. Connect your ethernet cable to the router and to the Ethernet port on the back of the TV.
3. Use the Network Settings to configure the TV.
Connecting to a wireless network

To connect to a wireless network
1. Ensure you have:
• A router broadcasting a high-speed wireless signal
• A high-speed internet connection
2. The TV set with Wi-Fi Module.
3. Use the Network menu to configure the TV.
Note: Some models may have internal wireless module, then the wireless USB adapter is unnecessary. Some external wireless adapters cannot be compatible with the TV.

Initial setup

The first time you switch the set on, the Initial setup screen appears, which guides you through the initial setup process. Follow the on-screen instructions to finish the initial setup process such as selecting the language, connecting to the network, scanning channels, and more. During each step, either make a choice or skip the step. If you skip a step, you can perform the setup later from the settings menu.

Note: If the channel search retrieved only the analogue channels it could be caused by poor broadcasting and therefore is not covered by manufacturer warranty. Manufacturers cannot be held responsible for lack of or poor broadcasting in some areas.

Help Function

The Help function offers a lot of information about your TV operation.
• Press the home button on the remote control. Select "AI PONT" from the options.
• Select 'Help' from the options.
• Select the desired Help topic.
You can use the arrow and OK buttons to make a selection.
The Help function explains how to use this TV. Additionally , you can also refer to playback, the Setup Guide for descriptions about TV installation, and the Reference Guide for description of parts and specifications of this TV.

USB function (Media Player)

Press 'USB' button to open the media player.
• You can enjoy photos/ music/ movies stored on a USB device on the TV screen.
• Select device on the media player main menu.
• Select folder from the menu that is displayed, browse the files and select the desired files to playback. While playing the file, press OK button to check the file information and other functions . You can press menu button to set up play mode and other settings. The media control buttons can be found on the bottom of remote.

Google Assistant

Quickly find and play your favourite shows, get answers and control your home. Your Assistant is now ready to help.
• Press the Google assistant button on your remote to get started.
• An introduction will appear on your TV screen, follow the steps to get started.
• While giving a command or asking a question, please bring the top of the remote control close to your mouth for better reception.
Note: The remote has a Mic function. Please pair the remote to the TV if you skip it on initial setup. Google sign-in is required for the service.

Chromecast Built-in

Chromecast built-in delivers multi-screen TV and audio experiences with speakers. Casting is as simple as pressing a button from your favourite app. Watch your favourites on the TV while switching to another app. Listen to your top tunes while taking a phone call or sending a text, all without interrupting what's playing on the speakers. With Chromecast built-in, your phone is your personalized remote control that you can use to browse, play, pause, and even make playlists.

How To Cast

To set up your Chromecast built-in, visit chromecast.com/built-in/setup

① CONNECT TO WIFI
Connect your phone or tablet to the same WiFi network as your TV.

② OPEN A CHROMECAST-ENABLED APP LIKE YOUTUBE
Cast movies, music, and more from thousands of Cast-enabled apps.

③ START CASTING
Simply tap the Cast button from within the app to send your content from your mobile device to the big screen.
Screen Cast

To cast your TV mobile phone to your TV first you must connect both your mobile phone & TV at same network, now go to your phone setting > connected device > cast then select your TV name. You can also change TV name through setting > device preference > about > device name > change.

Accessing Smart TV Homepage

• Press home button on the remote control to display the homepage.
• To quit homepage, press input source button to access TV and other input mode. The homepage allows you to enjoy Internet Applications (apps) and specially adapted Internet website, and perform system settings for your TV. You can control all that with the TV remote control.
• Press ▲/▼/◀/▶ and OK to enter the desired apps, functions or settings.
• To change the Favourites apps order, select an app, press OK button and hold, a menu will appear and you can press Au. and OK to change.
• Press ← button to return to the homepage.

Indicators and Icons on the top of the Home screen

Note:
Some specifications may vary by different regions or model and please take your actual TV set as standard. Internal memory capacity may vary depending on pre-installed software.

Troubleshooting

Most problems you encounter with your TV can be corrected by consulting the following troubleshooting list.

No picture, no sound

1. Check if the fuse or circuit breaker is working.
2. Plug another electrical device into the outlet to make sure it is working or turned on.
3. Power plug is in a bad contact with the outlet.
4. Check the signal source.

No Color

1. Change the color system.
2. Adjust the saturation.
3. Try another channel. Black-white program may be received.

Remote control does not work

1. Change the batteries.
2. Batteries are not installed correctly.
3. Main power is not connected.

No picture, normal sound

1. Adjust the brightness and contrast.
2. Broadcasting failure may happen.

Normal picture, no sound

1. Press the Vol+ button to increase volume.
2. Volume is set to mute, press the mute button to restore sound.
3. Change the sound system.
4. Broadcasting failure may happen.

Unorderly ripples on the picture

It is usually caused by local interference, such as cars, daylight lamps and hair driers. Adjust the antenna to minimize the interference.

Blank screen when connected computer system

Perhaps the TV can not recognize the resolution set by the PC. Suggest to change to the best resolution or other standard resolutions of the Windows system.

Snowy dots and interference

If the antenna is located in the fringe area of a television signal where the signal is weak, the picture may be marred by dots. When the signal is extremely weak, it may be necessary to install a special antenna to improve the reception.

1. Adjust the position and orientation of the indoor/outdoor antenna.
2. Check the connection of antenna.
3. Fine tune the channel.
4. Try another channel. Broadcasting failure may happen.

Ignition

Black spots or horizontal streaks appear, or the picture flutters or drifts. This is usually caused by interference from car ignition system, neon lamps, electric drills, or other electrical appliance.

Factory reset:

Home -> Settings -> Device Preference -> About -> Factory Reset

Network Failure:

Check if the router works well. Make sure the TV has connected to the router successfully. sometimes unsynchronized time can impact network connection. In that case, manually change the time in settings menu via below path
Home -> Settings Device Preference -> Date & Time Disable the automatic date and time, and set the date and time manually.

Multimedia Player / Solution

Due to differences in programming tools and other factors, some of the file formats that are listed may or may not work

Medium	File Format
Video	MPG, MPEG, MP4, MKV, AVI, FLV
Picture	JPEG, PNG, BMP
Music	MP3, M4A, AAC, FLAC

Warranty Terms & Conditions:

Flipkart India Private Limited ("Company") warranties the product to be free from manufacturing defects or any other specific defect as may be specified in the Specific Terms and Conditions below. The warranty is for a period mentioned in the Specific Terms and Conditions below, the invoice (if not specified in the Specific Terms and Conditions below), as well as the product listing page, and such period shall commence from the date of purchase of the product by the first end user. This is a nontransferable warranty, valid only in the territory of India and extended only to the first end user customer ("Customer") basis the following terms and conditions, which the Customer is deemed to have accepted upon purchase of the product:

1. The warranty period of the product is 1 year, commencing from the date of purchase, Warranty service which includes replacement or repairs, will be carried out through the Authorised Service Centers ("ASC/s") only.

2. Warranty will be valid only when the original purchase invoice is presented at the time of service. Company reserves the right to decline warranty service, if the purchase invoice is not presented.

3. In case of commercial usage of the product, warranty period would be limited to 90 days only.

4. Warranty will cover only functional parts, issues having manufacturing defects and does not cover damages to the product resulting from unauthorised adaptations/ adjustments/ tampering/ repair, improper installation or placement, mishandling, improper use, deviation from the instructions set out in the user manual (if applicable) normal wear and tear caused due to use of the product.

5. Warranty does not cover any external accessories and fittings to the product.

6. All plastic, rubber, glass, or aesthetic parts and consumable replacements will be on a chargeable basis.

7. Warranty shall not apply to damages caused to the product by accident, voltage fluctuations, lightening, ingress of water (beyond certified limits, if any), fire or any other natural calamity, improper ventilation, dropping or excessive shock, or any external cause beyond Company's control.

8. Company shall retain all products or spare parts which are replaced and the ownership of the same shall vest with the Company.

9. Company is not liable to provide repair services or spare parts after the period of warranty expires and the same if provided will be on a chargeable basis.

10. Whilst the Company, through its ASC, shall make every effort to carry out the service at the earliest, it is expressly clarified that the Company is under no obligation to do so within a certain time period.

11. Whilst Company would take all necessary steps to repair the product under warranty and maintain sufficient stock of the spare parts of the products, in certain cases, at its sole discretion, Company may due to non-availability of spare parts of the product or product being in a state which is beyond economic repair, offer a replacement scheme to the Customer. The terms of such replacement offer is subject to change from year to year and shall also be applicable on the maximum retail price of the product.

12. All transportation & handling expenses incurred while replacing or repairing will be payable by the Customer.

13. For any warranty claim requested by the Customer from the region beyond municipal limits of the jurisdiction of the ASC, a visit by an authorised service personnel may be arranged by the Company through its ASC, on a case to case basis, at its sole discretion and the charges towards such visit will be borne by the Customer.

14. Warranty shall be void if:
1. The type or serial no. on the product has been altered, removed or defaced.
2. The product is not operated as per the instructions given in the User Guide, if any.
3. The defects are caused by household pets, rats, cockroaches or any other animals or insects.

15. The warranty automatically expires after the period of time stated in the product invoice even if the product may not be in use for any time for whatever reasons.

16. This Warranty shall not affect Customer's statutory rights under any applicable law

17. Customer agrees to indemnify and keep Company harmless against all damages, liabilities, costs, expenses, claims, suits and proceedings (including reasonable attorney's fee) that may be suffered by the Company as a consequence of:
(i) violation of these terms and condition by the Customer;
(ii) violation of applicable laws by the Customer;
(iii) any action or inaction resulting in willful misconduct or negligence on the Customer's part.

18. In the event of repairs of any part (s) of the product, the Warranty will thereafter continue and remain in force only for the unexpired period of the Warranty. Moreover, the time taken for repair and in transit whether under the Warranty or otherwise shall not be excluded from the Warranty period.

19. This panel is made up of sub pixels which require sophisticated technology to produce. There may be, however, a few (upto 5) bright or dark pixels on the screen. These pixels will have no impact on the performance of the product.

20. Company takes no legal responsibility whatsoever for any interruption of app services caused by the service provider for any reason.

21. None of the employees, sellers, dealers or ASCs of the Company have the authority to vary these terms and conditions.

22. Customer agrees that the courts at Bangalore shall have the exclusive jurisdiction to settle any dispute that may arise in relation to this Warranty or these terms and conditions.

23. COMPANY SHALL NOT BE LIABLE FOR ANY INDIRECT, SPECIAL, PUNITIVE, EXEMPLARY, SPECULATIVE OR CONSEQUENTIAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, ANY LOSS OF USE, BUSINESS INTERRUPTION, AND LOSS OF INCOME OR PROFITS, IRRESPECTIVE OF WHETHER IT HAD AN ADVANCE NOTICE OF THE POSSIBILITY OF ANY SUCH DAMAGES.
